WORK EXPERIENCE

Freelance Developer   **Nov.2022 – Feb.2023**
React Native Developer   *Athens, Greece*
- I designed and developed a point-of-sale system using React Native for a client in Naxos, which enabled easy management and export of data to Excel, providing a reliable and effective solution for my client.

The Foundation for Research & Technology – Hellas   **Mar.2022 – Jul.2022**
Front-end Developer / UX/UI Designer   *Heraklion, Greece*
- I worked as a front-end developer on the eCare-PCP website for the FORTH organization, improving the website's presentation and facilitating user navigation.
- I took on responsibilities in the UI/UX domain, designing and enhancing the website's user interface to improve the user experience.
- I collaborated with a team of technology professionals, participating in projects aimed at improving the online presence of the FORTH organization.

SOFTWARE COMPANY(Θ. ΚΟΤΣ ΟΤΡΑ Ε.Ε)   **Jan.2021 – Mar.2021**
Front-end Developer   *Heraklion, Greece*
- I worked in the field of front-end development for the AHI Carrier website, developing and improving the company's website.
- I took on responsibilities in the field of data entry, managing and inputting data into the company's database to facilitate information management.

EDUCATION

University of Crete   **Jul.2022**
Computer Science Department   *Heraklion, Greece*
- I participated in the IMEA 2022 competition with my paper titled 'iCompanion: A Serious Games App for the Management of Frailty', which stemmed from my undergraduate thesis.
